Rifts® Chaos Earth® RPG

Rifts® Chaos Earth® RPG

– Play the Great Cataclysm as it is happening

There have been many “post-apocalyptic” games, but Chaos Earth® is the apocalypse! Players go through the global and social carnage and mass destruction as the world of a near perfect, future Earth is torn apart and remade. Transformed into a world of magic, monsters and madness that, after a 200 year Dark Age, will become Rifts Earth, but even that is in the future.

Rifts® Chaos Earth® is a complete setting and time-line in and of itself and takes place 300 years before the current Rifts® setting with the Coalition States. Thus, Chaos Earth® is truly unique and different, with new O.C.C.s, heroes, villains, magic and concepts.

But the invader's army is not a legion of hell-spawned demons, but something much more familiar, something thought to just be a myth: Zombies. The dead rise to attack the living, propelled by an alien energy directed by a malevolent mind. And it's not just animated corpses the player characters need to worry about.

- Do you hear the Transmission? If you do, it may drive you mad.

Rifts® Core Books:

Rifts® Ultimate Edition

Limited only by your imagination™

Rifts® Ultimate Edition is an updated, revised and expanded edition of the original core rules. It is packaged as a gorgeous hardcover edition with color cover, interior color pages, and nearly double the page count of the original edition. The rules are fundamentally unchanged and suitable for use with all Rifts® sourcebooks and supplements.

The concept behind Rifts® is simple and provocative . . .

Sometime in Earth's future, after a Golden Age of peace and technological advancement, the face of the planet is decimated by the return of magic and the Coming of the Rifts. Cities fall, civilization collapses, billions of people perish and portals to a thousand alien worlds open across the face of the planet.

The story of Rifts® picks up 300 years later. Humankind has, at last, crawled out of a 200 year long Dark Age to reassert itself in the world. Only this world – Rifts Earth – is as strange as any thousand alien worlds. Reshaped by dimensional energies, inhabited by alien beings and changed by magic from the Rifts, it is a place of contradiction and infinite possibilities.

The Rifts are tears in the very fabric of space and time. They are found along ley lines – natural lines of psychic energy. Where two or more ley lines intersect, a Rift may form (or be opened) to create a dimensional portal to virtually any place or time. Open-

ing a Rift enables characters to travel from one end of the planet to the other in a heartbeat, and beyond, to an infinite number of alien worlds and dimensions. The problem is, hundreds, perhaps thousands, of alien, demonic, magical and superhuman beings have used the Rifts to cross into Earth. Supernatural beings who now reside alongside humans and often compete for dominance over the land and its people.

Beyond Rifts Earth is the infinite Megaverse® – worlds without end accessible through the dimensional Rifts!

Rifts® is a multi-genre role-playing game that captures elements of magic, horror, and the supernatural combined with super-science, high technology and the ordinary. The game spans countless dimensions, making anything and everything possible. Players are truly limited only by their imaginations!

Rifts® may be used as a stand alone role-playing game or combined with characters and elements from the entire Palladium Megaverse®.

The world was forever changed after Dark Day – the day that was 24 hours of night. Earth has been invaded by a supernatural force known as the Nightlords and their minions, including Doppelgangers who can take a human's place without anyone being the wiser. These inhuman and evil minions have already infiltrated the top seats of most (all?) world governments and law enforcement, while others lurk in the shadows, assume the shape of humans and work behind the scenes to enslave all mankind.

The only ones who see the truth are the Nightbane® – teens and young adults who woke up one day with superhuman powers. The catch? To use their powers they must turn into an inhuman monstrosity that frightens their fellow humans and alerts the minions of the Dark to their presence. The story of the Mechanoid Invasion,® is a tragic one that spans the galaxy and generations of people. The Mechanoid Invasion,® starts on a distant planet being colonized by humans, until the Mechanoids arrive. The seemingly alien mechanized monsters intend to strip the planet of all its resources and literally carve it up into pieces and haul it away. The loss of human lives mean nothing to them. Indeed, the Mechanoids seem to delight in capturing, torturing and slaughtering what humans they can find. Can nothing stop the destruction?

The Journey follows the story of human colonists from the doomed planet surviving by living between the walls and tunnels like rats on a ship.

- 18 human O.C.C.s, combat troops, psychics and others.
- 7 alien races including the insectoid allies, the Dionii.

Deluxe Revised RECON® RPG

Deluxe Revised RECON® is a fast playing, realistic simulation of the Vietnam War and other conflicts of that time period. However, this game is easily adapted to modern day military conflict around the world.

The Deluxe Edition collects the original Revised RECON® RPG and the Advanced RECON® sourcebook into one big pack-

age. A dynamic new cover, some new interior art and artful re-packaging completes this classic RPG.

It is a fast-paced, realistic game of jungle combat and military operations in Southeast Asia. The setting is Vietnam, Laos, Cambodia, Burma and Thailand.
